

11th October 2017

Class 2K,
Claremont Primary School,
Claremont Road,
Manchester.

Dear Class 2K,

Thank you for letting us see your science lesson when I brought the teachers from the University. You showed us that you enjoy your lessons and that you have lots of great ideas. We all thought you were very polite, grown up and good at science. It is good to see that you enjoy your work and are learning so much.

Will you please say thank you to your teacher Mrs. Killeen who helped a lot on the day. You should be proud of your very good science and your very good behaviour, I hope I will see you soon. Make sure you work hard and enjoy your lessons.

Yours sincerely,

Dr. Alan Cross
Senior Teacher Fellow
Department of Education
University of Manchester
