

The main page of the classroom is called the stream. It looks like this:

This is where you will see any messages from your teacher or any work that has been set for you.

The 2nd tab is called classwork.

This is where you will be able to access any work that your teacher has created. Simply click on it to access it.

Click on the task that you wish to complete. You should now see all the instructions. Remember you can email your class teacher on XXX@claremont.manchester.sch.uk
